## We will do our best to ensure your satisfaction

Every property owner needs to maintain some type of edging to keep their garden and lawn separate.

Concrete edging has many benefits such as it will not move, rot, separate or lose its luster when run over by mowers and trimmers. It is also an effective root barrier, and there are many choices in color and pattern, so the combinations are endless. Be creative and come up with your own special use for curbing.

### Curbing Applications:

- Landscape Edging
- Flower Beds
- Tree Edging
- Pathways
- Sand Boxes
- Playgrounds
- Walkways

Drews Industries offers competitive pricing and creative solutions to your landscaping and curbing needs. And it is as easy as 1 - 2 - 3....

**PROCESS: AS EASY AS 1, 2, 3**

THE AREA WHERE THE EDGING WILL BE INSTALLED IS PREPARED. A TRENCH IS DUG, 1" DEEP AND 9" WIDE AROUND THE BED.

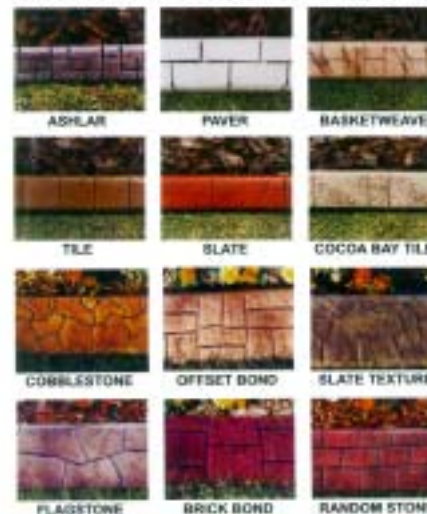

THE MIXTURE IS FED TO THE MACHINE IN ORDER TO EXTRUDE A CONTINUOUS LANDSCAPE BORDER.

CLEAN UP. SINCE THERE IS NO LANDSCAPE DAMAGE OR ELABORATE SET-UP, CLEAN-UP IS MINIMAL.

There are unlimited combinations. Drews Industries would be happy to give you an estimate using their creative ideas or you can always come up with your own combination of colors and patterns for a truly unique look.

### PATTERNS FOR STAMPED EDGING

Curbing has a wide variety of patterns and colors for all your curbing applications
